

An aerial photograph of a coastal region. A narrow, elongated strip of land, densely covered with green vegetation, runs diagonally from the top left towards the center. This strip is bordered by a light-colored, sandy or silty area, likely a beach or dune system. To the right and bottom of the strip is a vast, deep blue body of water. The overall scene is captured from a high angle, showing the intricate patterns of the land and the expansive nature of the water.
